

Churches helping people

January 2019

We are a Christian-based organisation and all of our team are volunteers who come from many different Hawke's Bay Churches and denominations.

The need for our service never stops!

We help...

The demand for our services last year was huge! Over the year Christian Lovelink helped 1094 households including 2080 children; our volunteers worked for 5455 hours either in the office, sorting donated items or delivering to Hawke's Bay families. Over 700 people made donations of goods, which enabled us to give out almost 10,000 items.

Families need basic household items to make their house their home. Sometimes it's one item, others need a lot. We listen to what people need, regardless of their circumstances, and deliver them donated items from our clearing house.

People are referred to us through many agencies,. We are getting an increasing number of referrals from social agencies working in Napier and Hastings. We work closely with agencies such as Child Healthy Housing, Women's Refuge, W.I.T (Whatever It Takes), Te Tai Whenua, Work and Income, and many other community-based organisations.

Please donate...

Requests for assistance never stop, so if you have surplus household items we would really appreciate these as there are many vulnerable and needy families in our community who are requesting help from us.

We need quality beds, furniture, crockery, cutlery, pots and pans, cooking utensils, blankets, duvets, duvet covers, pillows, towels, face cloths and tea towels. We are happy to pick up items from you – please phone us. Even if you have only one or two items, these will be gratefully received.

You can help by...

Volunteering in the clearing house to sort donated items or on our truck doing pick-ups and deliveries.

Giftng funds to be used for our rent/petrol/power etc.
